“ She was the most wonderful person and grandma. I'll miss her so much but she's in a better spot now and I know she's happy and looking down on us and watching over us. Love you grandma

“ I will always remember your mom as a fun loving neighbor growing up here in Watren- she always had a smile and a wonderfully infectious laugh to share - my mom especially enjoyed her as a friend when the old neighborhood was young .. Love and hugs to all of you at this time .. Thinking of the guide times when we were all young ..

“ No words can describe how much I will miss you, how much you have meant to me. I know in my heart that you are happy and no longer suffering but apart of me wants to be selfish and still have you here. I know that it was your time and God has called for you to come to heaven but I just want you to know how much I love you and how much I'm going to miss you. You were always a huge part of my life and it's so hard to say goodbye. I love you so very much Grandma. You are finally with your family and with God and I know one day you will be waiting for me with have that large smile and greet me with open arms. Life will never be the same without you and I just wanted you to know that you will always be apart of my life and now that you are in heaven I will always have a part of heaven with me. I love you so much and I miss you.
