“ I had the pleasure of working at dental office that Martin received his dental care at. I can say that he by far is my favorite patient I have ever gotten to meet and help. He had banter and charm like no other. I loved the days he came into the dental office. He would always confirm his appointments in person which I always loved and got a kick out of. Watching him pull up the the dental office in his red convertible was always my favorite thing. The pure joy on his face when the weather got nice and he got to drive with the top down. His joy brought me joy. He was so sweet and I truly cherished and enjoyed every conversation and interaction I got to have with him. He was one of those patients that really make an impact on your life. He truly was a joy to work with. He was so loved by our dental family, it was honor to serve him over the years. Even during times when he didn't have appointments I thought of him often. Getting to meet him I truly believe was gift. We talked about faith, cars, you name it we talked about it. I will miss him dearly and will be sending prayers to his family during this difficult time. He was loved beyond measure. Especially by me. Philippians 1:3. Love Leah.

“ We are so very sorry to hear of Martin's passing. We enjoyed having him visit us here at the Shelby Township Senior Center. He loved to come in and play bingo and chat with his friends here. It was such a pleasure getting to know him over the last few years. Our thoughts and prayers are with you all.
