“ First of all, thank you for always following "Canadian rules" when it came to drinking beer. As a 19 year old living in the States, this was such a treat! I'm thankful for the times I was able to visit you when you lived across the street from my high school. You were so passionate when it came to life, family and politics, but your kindness and gentleness balanced out your passion so well. You were such an easy person to love and even though I did not spend as much time with you that I wish I could have....I'm thankful for the time I did. So thankful to call you family -Michael

“ We first met Mary when our new neighbors moved in next door to us. Pat and Deb Repeck and kids soon became the best neighbors we could hope for. Mary would come often to visit her son and daughter-in-law and grandkids. She would always drive up in her black convertible and our dog would go crazy until we let him out so he could go and say hi to her. She always took some time to pet him and show him a little love. I'm pretty sure that she was one of his favorite people. As Howie and I had no family in MI, Pat and Deb would often invite us next door for Thanksgiving, Christmas, and even Easter if they were hosting. We were made to feel by all of the Repeck clan as if we were part of the family. Mary, being the matriarch obviously raised her children with this open and giving heart. We so enjoyed spending our occasional holiday with such a special lady and her family. We always looked forward to seeing her. She will be missed.

With fond memories and love,

“ I learned many things from this beautiful strong woman; like adding these words to grace teach me patience, understanding, and charity as well as not to take myself or life too seriously. Aunt Nini didn't have an easy life but she had a great one and was loved and admired by many. She was strong in her beliefs and at the same time was able to kick back, have a cocktail, a great conversation, and lots of laughs. She embodied one classy lady who was always up for an adventure and knew how to LIVE! I will miss her and am grateful that she has been part of my life. Till we meet again, Love, Sheila

“ Aunt Mary will be missed but she won't be alone. My mom and many other of our family members will be there with her to tell jokes and have some laughs. She will be watching out for the family left behind until we are together again.

“*Mary was truly a wonderful friend as well as a neighbor. She was full of life and loved her Tigers. We so enjoyed our 5:00 p.m. happy hour with her. We will always treasure knowing her and will miss her. She was a fighter and never let her illness get her completely down. She was an inspiration to me that I may at her age still enjoy life and go hiking up mountains.*”

“*One of the things I remember was my father's respect and love for all his sisters. I remember him in the hospital the times I spent with him and he described Aunt Mary as very smart but very tough. And considering all she has gone through I would say his observation was spot on. I can only add it was a great pleasure to have gotten to know her and enjoy her company and advice , and to have shared so many good times. Thank You, her entire family for sharing her with all of us.*”

“ All "Mother-in-law" jokes aside, Mom was a great Road Trip Colleague with Sally, the dog and me.

*She loved discovering new places and meeting new people... like watching the entire "Heinz 57 Parade" (every type of dog imaginable in Port Aransas (up tip of Padre Island) Texas. What a fun day!*

“ It's hard to believe that a women so vibrant and strong will no longer be with the family on this side but I know that so many are waiting to embrace her on the other. Will miss Aunt Nini!
