“ Margo, Brian & Beverly. I'm so sorry to hear the loss of your Mom. My Mom used to tell us how much fun she would have with her cousins at the lake. Keeping all of you in my prayers. Sending a few pictures that Mom had.
Love, your cousin, Sandy Houdek

“ So much fun, so many fond memories and I was only a nephew! I remember all those summer visits when she would invite and host us for a week to come down and enjoy swimming in the pool, eating grilled Shish Kabobs, Sunday morning brunch buffet and trips to the lake for sailing and eating Blueberry Kolaches. Of course special events too like getting soaked and stomping around in the puddles at Greenfield Village. OK, admittedly I may have been the only one stomping in all those puddles. There were even those train wreck moments...literally. Brian, do you still have the train set? :-) Looking back as an adult, I can so clearly see the tremendous gifts of hospitality, generosity and love that Aunt Norma possessed and shared with those who had the incredible good fortune of being among her circle of family and friends.

I also remember when she would come up for Thanksgiving to visit her Mom and little sister (my Mom) and bring those incredible fruit and cheese baskets packed with all sorts of delicious delicacies for her Mom. They were large enough to feed an army or so it seemed to a kid like me.

Compared to most others, my times with her were brief but it is obvious not only from my own experiences but from the experiences of so many others including her students throughout the years that she led an impactful life that made a difference to so many and that impact was always for their good.

Her greatest legacy may be how well we all emulate her example of a life well lived!

My deepest sympathy to Margo and Ken, Brian and Trudy, Beverly and Dave and all of the extended family on the home going of your Mom, Grandma and Great Grandma.

*With love and admiration,
Kevin Scheiern*

“ Mom was an excellent seamstress. When I was young she made me beautiful clothes. I still remember the black taffeta skirt with the silver belt! She passed on the love of sewing to me. Mom was also an excellent writer. She helped me get through a history class at Macomb Community College, and passed that talent onto Rene. I also admired her handwriting. I would try to write like she did.

Mom went back to school when I was in junior high, to become a teacher. Bev and I both followed in her footsteps, going to MSU, as she did. I ended up teaching in the same school district and in the same elementary school before she retired.

We all know how much Mom loved candy, especially chocolate. She thought I should be making candy, so she bought me many candy molds. I make chocolates for years.

When Mom got an iPad, we were able to play word games with each other. She was hard to beat on WWF. We would also chat on Boggle. It was a great way for us to keep in touch, since I was so far away. We shared the love of reading and recommended books to each other.

She often made me laugh as she had some clever comment to make. I will miss that about her as we had many enjoyable conversations together. I miss you Mom, but you will be in my heart forever!

“ I’m so thankful my grandma was able to meet baby Emma before becoming an angel. We were able to take our four generation pictures on FaceTime. Rest In Peace Grandma B. I know heaven has another angel looking down at us. I will always remember you reading to my sister Ashley and me, you had a phenomenal story voice! You made me a life long learner and because of you I am a teacher and reading specialist.

“ MOM

Mom was a beautiful person both inside and out. Her family meant the world to her. When we were young, she stayed home to raise us and became a teacher when we were in late elementary school. Fond childhood memories include going to our grandparent's cottage in Oxford on weekends and for family vacations. She would pack lunches for the fishing trips and was always good at spotting turtles in the channels. We roasted marsh mallows by the campfire and sang songs. She always was very proud that Beverly and I would play our musical instruments for the Mother's Day church service when we went to see her Mother in Ashley Michigan. We often visited her relatives and stayed at her Uncle Oliver Nicholas's centennial farm in Ovid Michigan. The farm is now part of the Sleepy Hollow State Park.

Mom love to read and had a collection with hundreds of books. She told us stories of deer hunting with my Dad. She was a non-hunter and would read a book in the woods and see several deer, while my Dad did not see any.

Mom made our favorite Christmas graham cracker pies and fudge every year. Her granddaughter Ashley helped her out and has now been designated the future family fudge maker. Mom was also a "chocoholic" and we believe it helped her to live a long healthy life.

Mom went on several trips and cruises with our Dad and they were considering retiring in Arizona. When Dad passed away at the early age of 58 Mom focused her attention on her grandchildren. She lived with Beverly and Jennifer for several years and helped raise Jennifer going to all her dance recitals and traveling with her to several states to see her perform. Her favorite trip was New York.

Mom bought a Condo in Troy and lived across the street from the school where Brian and Trudy's children went to elementary school. She watched them before and after school and helped them do their homework. Linsey and Ashley both loved having grandma read

stories to them and working on puzzles. She went to Disneyworld with the grandchildren and on a cruise.

Mom loved to play cards and taught us to play bridge when we were nine. She often played three handed Pinochle with Bev and Dave. Mom and Trudy's mother, Mildred Ahonen, would come over every Sunday night to have dinner and play cards. She took up square dancing after her retirement and traveled to Alaska with the square dance troupe and Margo. Margo also taught with Mom in the same school district for several years.

Mom was always very generous with gifts for everyone. She was always positive and thinking about others. She was a tremendous strength to share guidance and advice. She was a very good listener and always made you feel special. Mom will truly be missed but we are glad she is resting peacefully with Dad in heaven.

“ *Norma always made me feel like family that she had known for yours even the first time I met her. She was always interested in what I had to say and always gave feedback and was engaged in our conversations. She loved when I would pick hickory nuts out of our front yard in the fall. She will be missed but her memory will always be with us.*
