“ Pat was the brother I never had. I’m definitely thankful for the long friendship my wife Karen and I shared with both Pat and Doreen who came to a lot of my kid’s events (and Hilary who stepped in to take our son Nick’s wonderful graduation photos!).

Pat was also my best golf buddy. I’m sure we played hundreds of rounds together, and once a year we’d camp and golf for the weekend in a nearby state.

While I have tons of great memories, I will miss him with his calm demeanor and sly humor. See you on heaven’s first tee, buddy!

*Higgs was one of my favorite people of all time. I have the great fortune of calling him a friend dating all the way back to high school. Since then we played baseball together as well as tennis and golf and he always thumped me in our one on one basketball games. He always made me laugh and I would love it when he came to visit us when we lived out of state. Higgs and Doreen were such a great couple and we're going to miss our breakfasts together. I loved how he was such a great family man and how proud he was of Hilary. You will be sorely missed my friend!*

*I've had the privilege of knowing Pat since our fun high school days. He remained the same man his whole life - soft spoken, sweet and kind. He was blessed to have such an incredible wife and daughter and I am lucky to have been able to call Pat and Doreen dear friends for so many years. Lots of good memories and Pat will be dearly missed.*

*“Pat was a humble and dedicated friend, sibling, husband, father and brother-in-law. One of my favorite memories of Pat was first time I invited him to play pick-up basketball with friends. In typical humble Pat style, he failed to mention that he played basketball at MSU! Of course, he ran the floor and smoked everyone. Brothers never think anyone is good enough for their sisters (Doreen). For over thirty years, Pat consistently proved that theory wrong! You will be missed my man!*
