“Poppa was a great man and I am so glad to have met him. He was strong and always full of life. I hope everything was beautiful and I am sorry I couldn't be there in person to offer my condolences to the entire family. Don't ever forget the memories and the times that made you laugh with Poppa. With love and prayers to the Wrinkle family.”

“Perry was our neighbor for 24 years, and yes, he was a great neighbor. Perry had a wealth of bestowed knowledge from how to watch one's money, how to manage time, and of course mechanics. He was never shy about expressing a point of view, and never spoke in a condescending manner. Yes I agree with many he had a beautiful smile and a hearty laugh. Perry and I would talk politics and were mainly in agreement on the subjects but we would still get all worked up about the direction with which the nation and world seems to be headed. I will miss Perry and the chats we have had. I enjoyed his work shop and the marine outboard motor museum. Colleen and I will miss you Perry, good bye”

“Dad no more suffering. You taught me a lot. We always had our ups and downs but we had good times and bad times. I remember the times when we went fishing and we were like two little kids. Thanks for the memories.. and here's a song I will never forget "Smile when you wake up, be happy and gay and laugh all your troubles away." I'll see you in Heaven one day and me, you and everyone else will be together forever. Take care of my daughter Heather and now I have another angel to look out for me. Love, your son,
Tim (or Sam, TT, Crookshank, Alfonso, Pain in *ss) God Bless You Dad. May the angels put you in the palm of their hands and God look out for you.”

“*MaryJane, Tim and the rest of the family - our deepest prayers and condolences to you and all those who's lives were touched by Perry. I know ours were. Though not long visits, when we did have time with him, it was always filled with adventure, good conversations and warm smiles. John always enjoyed his company and conversations. I remember the time he took us out on the boat when the kids were young .. John and Tim had to walk us over on the raft to the Canadian side in the freezing waters just so we could experience the Canadian shoreline - that was an adventure we will never forget. Thank you for that Perry! Rest in the Peace and glory of God - how awesome it must be!! Please give a hug to Heather and mom for us (and Christopher who will be walking through the Gates with you).*”

“*poppa where can i start it pain's me so much that you suffered so much through the cancer you had. but you suffer no more. I miss you so much with all my heart and always will. You have left me with so much poppa. Thought's , dreams , memories that i will always and forever cherish. I can't stop listening to this song its by a band called Seether with amy lee: the song is called Broken it makes me think of you so much poppa some of the lyrics are i wish i could hold you high and steal your pain. I shall never understand Death nor will i think anyone in this world. for the ones we love cherish with all our heart's are for some reason are dealt with the hand of cards of pain virtue through which we shall never understand. But we are for here until we see you again one day. you are in a perfect place with no sadness or pain and i just have to remember that. I will forever remember the things you have taught me poppa about car's boats tires and especially tires right you and i last talked had a long conversation of such and laugh's. I will forever miss you poppa. Love your grandson Justin Aka Justo.*”
