“Pete, our AIT family sure won't be the same without you! You always had a smile and could make us laugh. One of my favorite memories was how you were always willing to pick me up from the auto shop. It was fun to see what kind of car you would be in and how fast we could get it to go on the way to the shop. My prayers are with your family and all who knew you. ~Billie Anderson

“Pete was one of those rare people who made the world a better place simply by being in it. He always welcomed everyone with open arms and was the first to offer a helping hand, never expecting anything in return. His kindness was genuine, and his generosity touched so many lives. I'll never forget the first time my kids met him. Within minutes, he had a guitar in his hands, putting on a little show just for them. That's who Pete was—he loved making people smile, especially kids, and he had a passion for music that he shared so freely. Pete was also one of the hardest workers I ever had the privilege of knowing. He was a true hustler on the job, always giving his best and setting an example through his work ethic. Outside of work, he loved life to the fullest—driving nice cars, spending time on the water boating, and always finding joy in the next adventure. Most of all, I'll remember Pete for his kind heart, his contagious spirit, and the way he made everyone around him feel welcome. The world has lost an incredible man, but his memory will live on in the countless lives he touched. Rest easy, my friend. You will be deeply missed.
