“With deep sorrow, we both extend our condolences to all of you on this devastating loss. Rick was such a good person - so generous, and so kind, and so loyal, the kind of friend anyone is lucky to have. We were lucky. We had his friendship for over twenty years, and spent many, many happy times together in the Bahamas. He was a part of our vacation family, always adding to the fun and silliness that we all enjoyed. Even when not in Nassau, Rick kept in touch and checked in with us, especially when the Northeast was threatened by hurricanes or blizzards. He wanted to make sure we were safe. He is in heaven now, safe and at peace with no more pain. May God watch over you and give you strength. We grieve with you and are heartbroken. We will miss him so much.”

“Please accept our sympathy for your loss. I worked with Rick at the Auburn Hills Police Department. I served on the board during his hiring process and we all found Rick to be a very impressive, caring man. As it turned out he developed into a very impressive Police Officer as well. He will be missed.”

“Hearing of Rick's passing is very saddening. Although I do not know the circumstances of his passing, I do know that he was in a great deal of pain the last time I spoke with him. If this situation continued, or worsened, I am grateful that he is no longer suffering. As one of his first command officers, I knew him to be a command officer's dream. He always strived to do his best, took instruction with little or no question and always put the citizen's needs before his own. Any concerns Rick raised were always raised with the utmost of respect. Although a fine police officer, who represented the Auburn Hills Police Department well, his dedication was only surpassed by the fact that he was a good and kind man. His Mom and Dad should be extremely proud of the man their son became. Rick will be missed by many.”
