“I just moved to very far away from now Michigan and I was on then same basketball team as Riley. I just recently found out about what happen. You never think it could happen. One moment you watch the news see everyone is pasting and then you see your lovely children in the news. It rilly must be though even thinking about it. But You always got to stay positive. Just think of it this way, she s just gong on a long vacation and you will see her again. Snap Riley was on the same track really race team as me. OMG was she fast. Any ways just think happy thoughts and don't go down the wrong path no matter what. And appreciate what you have now. She will always be their and hopefully everything goes good with your other daughter.”

“I was so stunned and heartbroken to hear of Peyton and Riley's accident and of Riley's passing. I was privileged to be the girls' busdriver last school year and enjoyed watching both girls grow and have fun with their classmates each day. My deepest and sincerest condolences to your family. I pray God would ease your pain, give you peace, and that Peyton has a full and complete recovery. I'm so, so sorry.”
