“My deepest condolences to the Fajardo family. Bobby had one of the biggest hearts of anyone I have ever known. I am so grateful to have been able to see him while ago and treasured to meet his Wife and it felt like old times. He will be deeply missed.”

“I first met Bob my freshman year at U-M. He was full of energy, always smiling (or giggling) whenever I was around him. He was one of the big brother kuyas who introduced me to the UMFASA crowd. Thank you for being a friend and brother. It doesn't surprise me that you helped and inspired a lot of lives for the greater good. Rest now in peace pare - aka 'the dancing parka guy'..... and always Go Blue ! :)Condolences to the family & friends on the loss of our dear Bob.”

“I had the pleasure of knowing Robert since he began the graduate program at Loyola in School Psychology. It was a pleasure watching him learn the many new skills and become the psychologist he had hoped working with children and affecting lives in a positive way. His kind and quiet way resonated with many of the children with whom he worked and he will be missed by all of us. My condolences to the family as they struggle with this difficult loss. I hope that the happiness you shared will sustain you through these days. Lynne Golomb, faculty, Loyola University Chicago.”

“Bob, on the morning of December 17, I told Caren I was thankful for having both of you in my life. Thank you and Caren for being with me when I needed help. I did not have to worry about being locked out of my place at any time, or needing someone to pick me up at a hospital or someone to have dinner with. You two were always there for me. It just took me a phone call and you two were there. Sorry I am not the cell phone type and I was not with you. I am sure you know I love you two. Bob thank you for being you and for loving Caren. I may not see you for some time but I am sure you are still with us. I will be praying. I will be praying. I will be praying. Rest in peace my dear Bob.”
