“Bob was a classmate at Austin and a fine friend. Always a great guy with a kind word and a ready laugh. I reconnected with Bob in 2003 to discuss my father's pancreatic cancer. We talked the science of the disease but Bob also brought in his personal experience with his fathers bout with the same disease. He offered his insight and kindness. I'll always remember that kindness and a truly moved by Bob's passing”

“Words cannot explain how saddened I was to hear of Bob's passing. My heartfelt condolences and prayers go out to the entire Veneri family, especially to Mary Ann and his sons. I met Bob when we were freshman at Austin Catholic, where I was first exposed to his wit, his good nature, and his great sense of humor. As a friend, he always had a smile for you. As a patient, you always knew you were in the hands of a caring healer. As a colleague, he embodied all of the characteristics to which other doctors aspired. The world was a better place because of Dr. Robert Veneri and his presence will be sorely missed.”

“I was profoundly saddened upon learning of the passing of Dr. Veneri. I had known Bob for over 30 years as a friend and colleague. He was one of the most thoughtful, kind and humble individuals I have ever met, truly a gentle man. He was also a highly respected and skilled physician. My deepest sympathies to his wife and family.”

“To the Veneri Family: Our deepest sympathies. Saw the obituary in the Grosse Pointe news today. My mother was a patient of Dr. Robert and as others have expressed he was a true gentleman and kind soul. It was a true honor to have known him and appreciate the care and recommendations he provided to my mother. He will be missed, but know now he is with the ultimate physician our Lord Jesus Christ. May his memory be eternal and RIP Dr. Robert.”

“To the Family and friends of Dr. Venneri, may you know how special a person he was and how he dedicated his life to everyone! He took care of my mother many years ago at St. John Hospital and how heartwarming he was to her :) ❤️! I just want you all to know that God called him home and hold on to your Faith and memories, for genuinely, he was a Christian! , living his life as we should all live:). God Bless 🕊️”

“I am so saddened by the tragic loss of Dr Veneri. He was truly called by God to be a physician & was so caring with his patients. It was a privilege to work with him and give Anesthesia for procedures for him and his partners. He always asked about my Family, and the last time we worked together we chatted about his beloved sons, and enjoyed some laughs about our dogs. He loved that Great Dane he had. May he rest with the angels, and may your family and all this great man touched in his life find comfort and peace in his memory and the way he lived his life. What a great place the world would be if all lived life the way Dr. Veneri did.”

“I was a fairly new patient but he made me feel like he knew me forever. I loved the way he would pat my back and say "good, good" when I told him I was feeling well. Condolences to all that knew him and will miss him.”
