“ *You were one of the nicest guys I had ever met; a true gentleman, a class act, no one will ever forget. You possessed every attribute of a successful individual to all who were fortunate enough to have know you. All the talents that God has given you, the gifts that surround your family from Him, you made the very best of and used in the purest of forms. You wasted nothing and appreciated everything. Your family's hearts will ache for you; you will be missed in ways their words can never express but they will love you more than you probably know. You will always be with them, they will take you everywhere they go as they move along on their journey. I know they will continue to make you proud in their choices they have made and live by the examples you have shown them. They know you will stay with them always and greet them with that beautiful, gentle smile one day. Thanks a million just for being you and showing everyone what life was about. May the peace that passes all understanding, the peace you now share in God's presence, trickle down on the lives of your lovely family and friends.*

“ A great man, Funny, quick wit, yet instant with his humor that sit him as a good human being! We knew each other from Day one Axle Alliance (3-13-2006) Same day Hirees. Gear Set employees one of my favorite persons to work with in that department, not to metion some crazy moments that made me laugh to death that we kept personal due to the nature of the circumstance, but to me and Rog it was so darn halarious! I am shocked suddenly and truely want to know he will be missed.May god bless his soul and have his spirit be with everyone that knows him. God bless his entire family.Amen

“ Although we knew Roger only a short time since we moved next door 18 months ago, it was a true joy to know this wonderful man. In the mornings I would almost see him daily attending to he and Sharon's really cool dog we would talk say hello all the time and Roger gave me the lay of the land. He was so pleasant. Most recently he would sit in the deck and listen to music on his IPad. Me being the music junkie I am I always asked what he was listening to. His music taste is quite impressive. We carry a heavy heart and we are here for your entire family. May this wonderful man Rest In Peace. We love you.
