“I wish the family serenity and peace. I met Ron at De La Salle, class of 1963. Our paths separated after high school but crossed again in his first year of podiatry school. I was interested in medical school and Ron came over to my house to discuss a medical career. I haven't seen Ron in decades but on January 11th, Ron popped into my mind talking about medical careers and he was excitedly happy. I thought this was strange until I read that Ron passed away. My condolences to the family, God has us in the right place at the right time.”
