“ To the Mendoza Family,  
I use to work with Rudy in the Equalization department at Oakland County in 1998. He trained me on various tasks and was very knowledgeable. We had a lot of respect for each other. We also laughed a lot. Rudy shared the various positions he held while living in the Philippines. I was amazed by his wealth of experience & knowledge. After I left the department, we kept in touch for a while. I thought about Rudy a lot and wondered what he was doing. I would ask others and they didn't know. Lastly, I Googled his name and found that he and Sylvia had passed. I was saddened. May my friend and his wife forever shine among the stars. Rudy, I love and miss you. 🙏❤️

“ I only met Rudy during the fall cleanup, leaves and a lot of them. Once in a while I would see him outside in his yard.. I live on Warwickshire, house with the flag. He wouldn't accept help either. We would joke that at our ages this was something we looked forward to doing. He would joke a little and say thank you for the offer, but he wanted to do this by himself. Way into the night I would see him raking and bagging. When we were done, we would say, see you next spring.  
You have my sincere deepest sympathy to you and your family. I'm sure he will be missed by all.

*Dad wanted to be on his own. He's a kind hearted and loving person you'll ever known. He doesn't like to ask for help. We'll miss our dad dearly but we know that he's dancing with our mom in Heaven.*

*“ He will always be a loving son, father, brother, uncle, grandfather, and friend to the people blessed to have been part of his life. He was selfless and compassionate. I will surely miss our countless catch up sessions, our conversations about health and wellness, our regular touch base. His passing brings extreme grief and emptiness, and i try to find solace in the thought that Heaven gained another good man who would watch over every one he cared for dearly. I love you my brother, we will miss you each passing day.*

*Kuya RGM is a well respected lawyer, professor to a well known university in the Philippines, loving husband to my cousin Ate Sylvia, kids and to everyone. A very down to earth person. I'll missed our occasional check chat about our health, checking how my daughter and I doing. Your memories will remain to everyone and never forgotten.*
