“I was so saddened to hear about your Mom's illness and then again by her passing. I know she is in a much better place and now, she is fully restored. Your friend from Texas said it perfectly, " a sweet and gentle woman...a blessing to all...". I remember the first time that I met her (and all of you!) It was Christmas and everyone was over at your house, sitting around in a circle, opening gifts, and the boys (most of them) were downstairs playing pool or something. Nana was there with a friend or two and when they had to leave, for some reason I don't remember now, Buggs had to drive them home. He left me there alone at your house while he drove them home. Auntie Ruthanne was so gracious and sweet. I never did feel uncomfortable. I remember too having a great conversation with her the last time I was home for Warren's graduation. I know she is restored. I have this picture of Auntie Ruthanne in my mind. I see her as I saw her when I met her in December of 1973, hair done up, laughing and smiling, gracious and beautiful. Thank you for sharing her in her lifetime and in her video.”

“I was so sorry to read that Ruthanne passed. I remember her well and I remember the funny stories about her, like how she would laugh real hard each time one of her kids threw up! I'm so sorry for your huge loss. I will be thinking and praying for you all. I remember Ruthanne as a sweet and gentle woman. I know her life was a blessing to all that were lucky enough to know her.”

“Dear Family: We are so sorry to hear about Ruthanne. Although we are far away we are thinking about you this day. We wish we could be there, but it is too far for Mom to travel. Please find Peace and Comfort that she is in a better place with God's loving embrace.”

“It's difficult for me to even begin to tell you how much Ruthie meant to me. She was always a rock in my life. When I made my first confession, I chose her to be my sponsor and i can tell you without a doubt she was the right choice. We always had that special relationship. She loved me unconditionally and never once judged me. She always called me Nat the Brat with a smile. I grew up across the street from "The Kudela's" and have nothing but great childhood memories. You have all been big brothers and big sisters to me. When I was in my horrific accident Ruthie called me religiously and visited often. I can remember talking to her on the phone for hours at a time. She knew I needed her more than ever because I had lost my mother a couple years just before. I am so saddend with this loss. I know you are in a better place right now and I will see you on the other side. Please hug my mom for me. Until we meet again! Love you always and forever, Nat the Brat”
