FP

“ *My deepest condolences to the Di Grazia Family. Every time I would talk with Mr.DiGrazia he always was genuine and cared to know what was going on in my life. He always had a big smile on his face, especially on my wedding day. As soon as he seen me for the first time he told me how beautiful I was and how happy he was for my husband and !! I even have it on video tape. Throughout the night he continued his laughs and smiles and I will always remember that! May you now look down on your family and be with them always.* ”
