“ *Sam will be missed for a list of reasons way too long for the space allowed in this message. I will miss his welcoming smile and hugs. He always made sure to greet us with a big smile, a handshake and a hug. He also always asked how we were doing and was sure to remember to ask about anyone of us who was unable to attend a particular family event. He was a good friend and family member. Thank you for your love and friendship. Peace be with you. Until we meet again*”

“ *Sam will truly be missed for a list of reasons too long for the space allowed in this message. I will miss his welcoming smile and hugs. He always made sure to greet us with a big sincere smile, a handshake and a hug. He also always asked how we were doing and was sure to remember to ask about anyone of us who was unable to attend a particular family event. He was a good friend and family member. Thank you for your love and friendship. Peace be with you. Until we meet again.*”

“*“Maria, Nancy and Family: You are in my prayers... Your dad made a difference in the Plotkowski Clan. (Who could forget his leisure suits at the family weddings and get togethers!) Patty Plotkowski”*

NA

“*“Grandpa Sam my 'bf' will be greatly missed. We shared alot of good times and laughter. We would watch general hospital and modern family on fridays. He was a kind man and could be a 'handful' but the best part of him he was about family. He would talk about back home and his present home, most of the time he spoke Italian and I would just smile because I didn't understand lol but it was all good. May you rest in peace and watch over us and the things you have taught us we will use in our lifetime.”*
