“ Ron, I am so sorry about the passing of your dad. I generally do not check the obit's., however, my father passed on Oct. 29, and was buried Nov. 4th. He was also laid out at WujekCalcaterra in Shelby. Just about one week after you dad was laid to rest there also. I am so sorry for you and your family; I know your father was a good spirited and caring individual althourh I had little contact with him. One really never knows what the meaning of death is and the effects it has on a caring son/daughter until it actually happens to them. I hope your father did not suffer much. I know you all had a great life with your father at the reigns. My dad went rather suddenly, lived an independent life until the end. I know your father has given you his strength to carry on and see things in a confident and aggressive manner when needed, as my father taught me.

“ Rick, Caron & Gerri My best friend Rhonda has such a love for your family, something I never really understood fully, until I had the pleasure of meeting you. Cherrish the style and grace of him. Snuggling on the dock on the most coldest of cold Fourth of July's in Harbor Springs, gathered for Blakely's famous lobster and fireworks. That's the last memory I will keep, Chuck. Such a kind and gentle soul. Gerri, Rick & Caron, I will keep you and your family in my thoughts and prayers. With all my love and deepest sympathy,
Carole

“ As a child I don't remember traveling to many place very far with my parents, but this one time I remember traveling for quite some time in my parents light blue station wagon and when we arrived it was the most sand I had ever seen, big sand dunes, it was at "uncle Chuck and Geraldine's Cottage in the Sleeping Bear Dunes near Traverse City I think,, anyway we, our hole family had a great time and I mean all 7 of us were accomodate by Chuck and Geri, that must of be an ordeal in itself, I remember going to the back door of this cottage with Randy and seeing a sign hanging at the top of the door I paid no attention to it because I could not read at the time, so I opened the door and It hit something, and as I went outside a giant wasp nest fell on top of my head, needless to say the sigh said "Don't use door wasp nest", well that didn't go well for the weekend, Randy and I got stung repeatedly and Dad and Uncle Chuck came to our rescue probably from the loud screaming mostly from "Randy", then mom and aunt Geri put this special ointment on all the stings and made it better, I don't remember much after that just these were people my Mom and Dad cared about and would enjoy having fun with, and they did many times after that. May the Good Lord Bless "Uncle Chuck" and his beautiful family, and may they find peace in this very private time, God Bless. Anthony Bellestri and Family
