“I want to let his family know that, Stevie as we all affectionately called him, that we too have cried when he left us and his family and friends are all heartbroken that he is no longer here. I knew him since he was five years old. Time and circumstances and cities separated us but Stevie was always in our thoughts during his times of medical struggles. I hope Roku, Doka, Mrci and Kathy find comfort in knowing how many peoples lives Stevie touched and they all came to say good bye to him. People say Stevie was "smart". I say that Stevie had a gift from God that few people have in that he could have a conversation with anyone and he always had that smile that lit up his face and put people at ease even when he was sick. Stevie we will never forget you and our hearts ache for you because you left us way too soon. May you rest in peace with Blessed Mary, You will be dearly missed.”
