“She was a beautiful person with a husky laugh and a sense of humor. Mom Rose loved her. I remember her schnauzer pups attacked any one but her. We had a few Christmases at cabin but I couldn't afford the travel, She made beautiful children. Miss you”

“*"Oh so much fun through the years with Sue! Little league to LCHS, complaining about the men in the booster club, putting up with "the guys" in the concessions, fighting for girls softball, so many bingo nights, and of course the gossip :) She had a laugh that was genuine, a wicked sense of humor, a heart as big as a mountain, and so much love for her kids!!! Heaven just gained a wonderfully great angel - hope they are ready to be Suzed."*

“*"Working with Sue for many years was always fun! She gave her heart to the kids and staff. Planning the annual Mackinaw trip was a gift she gave to hundreds of children who will never forget it because of her. I always enjoyed escaping to lunch with Sue too! A new angel in heaven. So sorry to hear Andrea and family."*
