“*Dear Vince I will miss you so much The morning coffee you brought me so we could watch the price is right laying next to each other. Then starting our day by making the bed you would say fix that pillow Nadine then move to the living room and fold our blankets and you would say that I had the nice one. Then outside to work in the yard cut the lawn, chop down a tree split some wood whatever needed to be done. We loved being outside. Sometimes we would have a fire and it would take a while for me to start it but you said if I had enough paper and gas that I would get it going. I will miss our trips to Motor City I loved all of your stories about the poker games on the way home. Debbie. Tina ,,John and Paula miss you so much They took good care of me through this awful time when they were hurting so much. Jeff Brian and Brent were there and did all the things that had to be done. they were so good and they are missing you. Nothing will ever be the same for us but we will tell our stories over and over and over just to keep you close .
REST IN PEACE MY BEST FRIEND TILL WE MEET AGAIN LOVE
YOU FOREVER NADINE”*

“*Dear Dad,
We miss you so much. You were most amazing Dad to all of us. We are all hurting and finding it very difficult to move on. But you would want us to so we are trying. You would give us that look when we would cry in front of you. You never wanted to see us cry but we loved you so much we couldn't help it. You did anything and everything any of us ever asked of you.....even stuff we didn't ask for....you just did it...and it was always perfect. I will miss so many things...your stories...even ones I heard several times were still just as funny as when I heard it the first time...you told good stories. I will miss you hiding all the Easter eggs for the kids....you hid them so good and then there always would be one we would find months later and laugh. I will miss how you used to call Dylan that funny name...I don't even know how to spell it! You helped me build two houses...you were always there making sure everyone was doing a good job for me. So many people came out to support us and say goodbye to you. We really appreciated that and will never forget the love they showed us and had for you. You touched a lot of people's lives and I couldn't be more proud to be your daughter. I will miss you forever and it will never be the same without you. I love you so much Dad and always will. “*"Nadine & Family
I worked with Vince at Roncelli, Inc. We worked together on the Beaumont Hospital project on Tilch Road. Vince was a great person to work with and my fondest memory of Vince is that we found something to laugh about each and everyday. I am very sorry for your loss and will keep Vince in my thoughts."*

“*"To Nadine and DeAngelo family - I'm so sorry for your loss. You are in my thoughts and prayers. Vince was a very nice man and such a joy to talk to. His humor was one of a kind, always having the right thing to say at the right time. Amazing smile that lit up a room, which matched his personality. Thinking about the friendship he had with mom and dad and the rest of the gang that made all their times with Vince special. He will be missed. Love you, praying for you.
Sincerely,
Christine Bouford (Linda and Bruce's Daughter)"*

“*"To the DeAngelo Family, my heart cannot be any heavier tonight as I think about the heartache you all must be going thru. I am sure you will hear the same thing about Vince as each person remembers him. His endearing smile, his giving heart, his infectious laugh. I pray that each day of your grieving will include many days of wonderful memories. There is not a memory I have of Vince that doesn't include laughing from the gutt. His soul is one of a kind and continues on as a guardian angel to watch over his many loves."*

“ *To Nadine and kids
My heart is really sad about losing my buddy Vince
Vince was a very good friend of mine and I loved how close we lived
to each other. He would call me if he didn't hear from me in a couple
days wondering how I was. We both enjoyed working on are
Harley's together and going on rides. He was well liked at the
American Legion and used to help me plan and organize the rides
we went on for major events.
He was an excellent motorcycle rider and I would ride next to him
any day. We were always getting more tools to work on our bikes
etc. Vince told me 1 day when we go Mike people will look in are
toolboxes and say what were they thinking.
R.I.P Vince till we me again!!!!!!! Your buddy Mike”*

“ *“Dear Nadine and your wonderful family, I wish I wasn't writing this
first off, but God has a plan. We don't always understand it or like it
but he knows what he's doing. Vince was the sweetest, kindest ,
husband. Father, grandfather. And to us a friend. Andy has thought
as Vince as his brother for years. When ever Andy would hang up
from a phone call with Vince he would say "I love you brother" I
could hear Vince reply " I love you too". Andy will never be the same
without his best buddy but we are better from being part of his life.
We love you Nadine and will always. Treasure our memories of
Vince Love, Karen and Andy”*
