“ *Wallie. I thought of you on the 11th and even left you a message on Facebook. I try to always think of the positives, the good memories and happy times. The pain hasn't gone away completely and I know it never will. There are times where all I want to do is call you and tell you of all the stuff going on and listen to what you're up to. I miss those days so much.*

“ *I've shied away from writing in here. It hurts too much to think about. There are so many memories I have of this amazing guy. Like the time we drove to Ann Arbor for a weekend and his steering gave out. We were driving down I-94 and came close to hitting the median. With the help of his amazing dad who drove the car to a nearby relatives we were still able to make it to Ann Arbor. This is just the tip of the iceberg... Thank you for an amazing time at Bdubs in December. And thank you for staying with me afterwards...Marvin was having a blast with you and wouldn't leave you alone. You were always a natural with animals. I'll miss you forever, Wallie.*

“ Walter was one of the rare people that you knew from the moment you met him what a warm and genuine person he was. His kindness came through immediately and was punctuated by a wonderful smile that would make friends easily. He was loved and respected by his coworkers and the clients that he served, because everyone knew how much he really cared about them. He was one of the best people I have had the opportunity to work with and everyone at Special Tree will miss him greatly. My deepest condolences on your loss.
