“ I worked with Bill for 30 years at Jnap, yes he had ability to make you just crack up, working with Bill you were guaranteed a laugh everyday. It's a gift few people possess, he sure had it, Bill may your spirit look upon your family, forever. May you rest so peacefully, your friend Frank Bellissimo

“ One of my very special memories of Bill was the summer of 2002. We were all camping in New York. I had just recently started dating Jeff and it was hard to be away from him and my cell phone had no service.

Bill's phone had service. He knew I was missing Jeff and without me even asking; he lent me his phone that evening so I could catch up with Jeff from the comfort of my of the cabin.

That's who Bill was, someone who would do anything to help others.

Prayers for all as you grieve the loss Bill. May you know he will be watching over all of you.

“ I'll forever remember our countless sleepovers where Mr. Bill would be so silly we would laugh until our sides hurt!! One that sticks out the most is when we were coming back from a Chinese place and he was waving the calendar out the window screaming the lyrics to “Back in Black” by AC/DC - us young kids were cracking up and that's just one of a thousand testimonies to how he would do anything to make his family extraordinarily happy. 💖

“ I will never forget the smile I seen on bills face when he found out he was going to be a pops, but the 2nd time the smile was even bigger!
Or the time when Saniyah was scared of you because you showed her the nub! Priceless!
Now that you're up there with uncle cooper, grandpa bill, you better make sure the tigers and the lions win it all!
We will miss you pops, thank you for being such a loving caring and fun pops! And thank you for all the other memories that we get to keep for ourselves, love you pops, Austin, Amanda, Wesley, Norrah, and valley
