HS

“My 19 year old son started going to Dr.Lucaj about a year ago...During this short period of time we felt blessed to have such an awesome Doctor to help him through his migraine issues...Dr.Lucaj showed great concern and a caring soul for his patients. My prayers go out to his family to have the strength during this tough time...He was one in a million. HUGS and LOVE. Sawicki family”

LS

“I was very sad to hear about the sudden passing of Dr. Lucaj. my 84 yr old father started seeing him this year . for early signs of demtina . he was such a compassionate and caring Dr. Who we sat down and took the time to listen and explain my Dad's care and his needs .We always left bragging about how great he was and how easy he was to talk to and that he was not like alot of Doctors, who made you feel like they were into much of a rush . so sorry for the loss of such a great Dr.and great Man. Condolences to his family and also to his great staff who had the pleasure of working with such a bright kind young Man may god comfort you all in this most diffuct time .”

KL

“I been a patient of Dr.Lucaj for a little over a yr.now,I've suffered a sever head injury and was introduced to Dr.Lucaj I soon became a patient of his when he showed me he truly cared and I could trust him.He was so warm, caring,and a great listener!When things we're very dark and my puzzle pieces in my head didn't fit,Dr.Lucj took his time and was very patient with me on my journey.I and my family are very grateful for all he's done!I know he would want me to keep trying to get better,and I will for him.But it won't be the same without him!Bless u and his whole family,loved ones,and his wonderful staff for him!You all are a part of the reason he always showed his patients he had a big heart! hopefully I will pray while he's up their in heaven,he will find away to watch and guide us all on our journey!”
